

# ArcTitan Cloud - Email Archiving for MSPs

**ArcTitan is a flexible, scalable, high-performance email archiving solution.**

ArcTitan is a purpose-built email archiving solution for MSPs of all sizes. ArcTitan's cloud-based email archiving, E-discovery, and compliance make it easy for an MSP customer to archive in the cloud. With ArcTitan, your customers can store and access emails easily and as required. Your customers get automatic backups with no hardware or software to purchase or install, reducing costs and lowering overheads.

**With ArcTitan, MSPs can easily manage the email environments of a diverse range of customers from a single, centralized administration console, eliminating the need for costly on-premises equipment. The dedicated archiving solution allows MSPs to add and provision new customers online quickly. Aside from all the benefits email archiving adds for your customers, why should an MSP add ArcTitan to their product portfolio?**

## ArcTitan Key Features

- Pay as you go - per live user subscription
- Ultimate scalability - zero limits on user numbers or storage space
- Add your own MSP branding
- No onsite hardware required - all support included
- Office 365 compatible - the perfect partner for Office 365

| • Legal Hold               |                      |

## ArcTitan is an easy way to access every email an organization has sent or received.

Year on year, email growth occurs across almost all business infrastructures. With a unique indexing algorithm, ArcTitan gives users instant access to any email they have ever sent or received – without putting strain on the mail server or compromising search response times.

Your customer's email data is always available, replicated, and secure. With ArcTitan, SMBs can easily meet all business compliance requirements and address archiving requests. With low set-up costs and no infrastructure or expertise required, it's the perfect email archiving solution to offer your SMB customers.

## Customer Quotes

"I can tell you our experience has been outstanding. ArcTitan email archiving solution has been the most effective solution we've found. Initially, we tested it for ourselves, but given the success we've had, we're now signed up as a reseller and are confidently introducing the product to our small and medium clients. It's a perfect fit for our marketplace."

**Lou Liberio, IT Director, CLARION DATA SYSTEMS**

"ArcTitan cloud archiving is providing us with the peace of mind of knowing that all company mails, without exception, are being captured and archived. This is all being done without any impact to mail performance and with an incredibly straight forward implementation."

**Dave Kelly, IT Infrastructure Lead, APPLEGREEN PLC**

**ArcTitan is a white-label email archiving solution that allows MSPs to offer secure email archiving as a service to customers, while benefiting from our generous recurring partner margins.**
